

Amazing products. Expert staff. Value pricing.

The two pieces of equipment most likely to fail in a foodservice operation are the dishwasher and the ice machine. American Energy Restaurant Equipment started in 1979 with a simple premise, to lease and service commercial dish and ice machines. We keep it simple...use only the highest quality equipment and don't stop training until our consultants and technicians are truly experts.

First, our Leasing Consultants will work with you at your site to configure, size and install the dish or ice machine best suited for your needs. Second, our Technicians will ensure the equipment works so that you have clean dishes and ice.

"SERVICE BY YOUR NEXT MEAL, GUARANTEED"

DISHMACHINE LEASING

It's simple...you want clean dishes, spotless glasses and shiny silverware every time without thinking about it. Our 28-day service program and emergency response guaranty you those results. Explore our dishwasher options and service program. Our leasing consultants will advise you on the best value for your size and type of operation.

"Since the very first machine I leased, it's the water softener that really makes the difference. You need GREAT RESULTS we deliver with "Guaranteed Service". Dishwasher leasing you can count on!"
- Jim Strickler (Founder & CEO)

ICE MACHINE LEASING

As part of our lease program, we'll deliver it, install it, and maintain it for a monthly fee saving you precious start-up capital and delivering you the confidence of knowing that it'll work or we'll fix it. Our Ice Technicians are truly experts on Hoshizaki machines. And, like our Dish Technicians, they carry every part on every truck, so you don't have to wait for something to be ordered.

Along with our SERVICE BY YOUR NEXT MEAL, GUARANTEED, we will supply you with fresh ice while your machine is serviced. It may be the service you need, but it's the ice you want.

FULL SERVICE DISH MACHINE LEASING PROGRAM

LEASE & SERVICES INCLUDE:

1. Dish machine sized by our Equipment Consultants to best fit your operations and site.
2. Water softener to condition the water and reduce spotting on your tableware.
3. 28-day preventative maintenance service, including all parts.
4. "Service by Your Next Meal" emergency service, including all parts.
5. Dish machine chemicals.

Upright Dishwasher 40 Racks/Hour

Our most popular machine, available in straight or corner models.

Under the Counter Dishwasher 40 Racks/Hour

Perfect for small spaces, but with the same rack rate as a full, upright dishwasher.

Glass Washer 30 Racks/Hour

This little unit is the work horse of your bar operations.

Double Rack 80 Racks/Hour

Best suited for larger operations doing 200 customers per meal.

Conveyor Dishwasher - Low or High Temp 244 Racks/Hour

SERVICE BY YOUR NEXT MEAL GUARANTEED FOR 40 YEARS

First, we start with the best equipment in the industry for our rental program. We're talking "Mercedes" quality as we don't want it to break down as much as you don't.

Second, ALL our technicians have years of experience on our rental equipment and ALL are locally employed with AERE. We never use a call center or a service agency.

Third, we have every part for every machine at our local warehouse and, most importantly, on our technicians' trucks.

Finally, in the rare case we can't fix it, we simply replace it. And, under our ice machine program, we supply breakdown ice upon arrival and until the unit is fixed.

FORD'S FISH SHACK ASHBURN, VA

"I've been using American Energy for the past 8 years in all 3 of my locations. Their guarantee of getting me back up and running by the next meal period has never not happened. In my opinion, there is not a better warewashing company in VA/DC/MD area."

**Tony Stafford,
Ford's Fish Shack**

HOW IT WORKS

Step 1: Contact AERE to schedule an appointment with an Equipment Consultant to survey your site and operations to determine the best type and size of dish or ice machine.

Step 2: Sign our rental agreement and schedule installation.

Step 3: Done. We take care of the rest, including start-up and training your staff.

FULL SERVICE ICE MACHINE LEASING PROGRAM

LEASE & SERVICES INCLUDE:

1. Ice Machine sized by our Equipment Consultants to best fit your operations and site.
2. Periodic cleaning, sanitizing and preventative maintenance, including all parts.
3. "Service by Your Next Meal" emergency service, including all parts.
4. Breakdown ice for as long as it takes to repair your ice machine.
